

A TREATMENT FOR NERVES

Woman Tells How Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I work nearly all the time, as we live on a farm and I have four girls. I do all my sewing and other work with their help, so it shows that I stand it real well. I took the Compound when my ten year old daughter came and it helped me a lot. I keep it in the house all the time and recommend it."—Mrs. DEWITT SINCEBAUGH West Danby, N. Y.

Sleeplessness, nervousness, irritability, backache, headaches, dragging sensations, all point to female derangements which may be overcome by Lydia E. Pinkham's Vegetable Compound. This famous remedy, the medicinal ingredients of which are derived from choice roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY

A Small Bottle Destroys Dandruff and Doubles Beauty of Your Hair

Within ten minutes after an application of Dandierine, you cannot find a single trace of dandruff or falling hair, and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Dandierine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Dandierine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance.

Get a small bottle of Knowlton's Dandierine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Dandierine.—Adv.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leaves in the alimentary organs a certain amount of indigestible material, which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks. A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.—Adv.

RANDOLPH

Mrs. William Mann, who was stricken with a shock several weeks ago is now slowly regaining her speech, which was entirely gone. She is now able to speak a few words.

Lucy Mann, after passing several weeks in Springfield, Mass., has returned. The Rebekah district meeting held here on Wednesday evening was a great success, there being a good attendance and delegates from several of the surrounding towns. Mrs. Emma Rand, the assembly president, was present and Miss Emma H. Gates of Ludlow, the assembly secretary, was also here. The meeting was under the charge of the district deputy president, Mrs. Mary Freeman, who presided during the evening. Fern lodge gave the degree work and the opening and closing. Northfield lodge gave the ballot. During the evening Mrs. Julia Cummings and Miss Julia Cummings gave very acceptably, a piano duet, and Rev. S. G. Sutor gave a short address. Among those present from out of town were Mrs. Clara Cass Hulet and Mrs. Baker of Rochester, C. O. Spaulding, Mrs. J. D. Wheeler, Mrs. Luella Kidder and others from Bethel, Mrs. Floy Sturtevant and her sister, Mrs. Gilman, of St. Albans.

Mr. and Mrs. Frank Gould left on Thursday for Lock Haven, going with Mr. and Mrs. M. L. Wyman, Jr., of Gaysville, to close their cottage for the winter.

Mrs. Mary Freeman went to Tunbridge on Thursday to visit friends, and Mrs. Emma Rand went to South Royalton Friday to attend the Rebekah lodge at that place before returning to her home at Saxtons River.

The Halloween ball given on Wednesday night at the DuBois & Gay hall was a decided success in every way. About one hundred dance tickets were sold and one hundred and thirty concert tickets, which amounted to about \$130. The expenses were about \$100, and the proceeds for the sale of refreshments, amounting to \$15 will be devoted to the Y. M. C. A. war fund. The dance committee were B. R. Madigan, R. H. Ordway, Hugh Seaver and Frank Blakely.

Mrs. W. R. Sargent, son, Simon, and Miss Elsie Kilburn have returned to Jacksonville, Fla., having been met in New York by Mr. Sargent, who preceded them.

John Udall of Farmington, N. H., is passing a few days with his mother, Mrs. Julia Udall, and Mr. and Mrs. E. N. Wardner.

W. E. Rand has returned from a brief visit in Bellows Falls and has resumed his home here.

Miss Heister Brooks, who has been seriously ill from a relapse of typhoid fever, is now thought to be gaining.

Mr. and Mrs. George Boyce of Roxbury have been in town for a few days, the guests of relatives.

Mrs. George Pantou, who has been an invalid for several years, was stricken with a shock on Tuesday afternoon and fell to the floor. Mr. Pantou, who was out at the time, returned to find her on the floor. The left side is entirely helpless, and her mind is also affected.

Frank D. Jones has been appointed assistant county agent of the state under Thomas Bradlee, director of the extension service, with headquarters in Burlington. He went there yesterday to assume his duties. Mrs. Jones will remain for the present with W. A. Jones and family.

E. J. Claffin has purchased of Mrs. C. E. Lazelle her interest in the Half Century store, this being the interest of the late C. E. Lazelle, and he is now the sole owner of the same.

EAST CORINTH

Rev. F. J. Malard and Madam Malard were in Lyme, N. H., Tuesday and Wednesday to attend the meeting of the Rutland-Orange association.

The entertainment given by Charles R. Taggart Friday evening drew a large audience, who seemed to get a good deal of pleasure from it. The Mary Dickey class of the Sunday school, who had one-half the receipts, were well pleased with the \$10.90 that was their share.

W. T. Jackman and family were in Waterbury and other central Vermont towns the first of the week.

A. C. Jackman is spending several days in Boston and vicinity.

Mrs. N. A. Abbott and Mrs. Walter Haynes, who have been visiting in Massachusetts, have returned.

George Huse and his mother were in White River Junction and Hartford Sunday. Mrs. Huse's cousin and Mrs. M. A. Miller returned with them.

Earl Lewis arrived at the home of Mr. and Mrs. L. L. Worthley Wednesday morning; weight, nine and one-half pounds.

Wednesday morning the hills were white with snow, following the big rain and high water of Tuesday.

Next week will tell you about the W. M. U. fair, to be held Nov. 2.

It is reported that our postmaster, G. F. Cook, has tendered his resignation.

WANTS 6-CENT FARE.

Rutland Street Railway Presents Its Reasons.

Rutland, Nov. 2.—The Vermont public service commission was in this city yesterday to hear evidence in support of the petition of the Rutland Railway, Light and Power company for permission to increase its trolley car fare from five cents to six cents on the belt lines in this city and at points on the main line covered by a five cent fare at the present time. The road originally requested the right to make the change Oct. 15, but two postponements to the hearing have brought about an extension of the time.

Yesterday's hearing was held at the city council chamber, the full commission being present. State's Attorney C. V. Poulin represented the state and Attorney E. W. Lawrence appeared as counsel for the trolley company. A great mass of figures was presented for the consideration of the commission. They showed the valuation of the street property, the expenses of conducting the line and the increase in cost of operation in the last few years, the petition being based on the assertion that a rise in the prices of materials and higher wages make it necessary to charge passengers more for transportation if a reasonable income is to be derived.

The principal witness introduced by the street railroad company was E. G. Jenison, general manager for the Easton P. A. Electric company, a corporation under the direction of the Marston interests in New York, which also looks after the finances of the Rutland Railway, Light and Power company. Mr. Jenison explained the financial condition of the Rutland concern to the commission, giving them figures which they can use in comparison with the profits and expenses of other companies in order to arrive at a decision as to whether the increase in fares should be permitted.

When You Feel Tired, No Appetite, Headache

(By W. M. Grantier, M. D.)

If your wife tells you that you are "grouchy" and out-of-sorts, be thankful for the suggestion, and set to work to get your liver busy for it is more than likely that its inactivity is at the bottom of your trouble. Don't blame your liver for not doing its work! You have undoubtedly been giving it too much to do. You may have occasional headaches, feel tired, no appetite, and coated tongue, and this condition may lead up to other things. At such times you are the easiest prey for colds, grip, or the disease germs of malaria, typhoid, the deadly phthisis, or the many ills which carry off so many of our citizens.

My advice is, give up alcohol, tea and coffee. If you must drink something with your meals let it be a cup of hot water. Begin in the morning with a pint of hot water with a half lemon squeezed in it, if possible, and drink it a half hour or less before breakfast.

Take a few minutes of bending exercise and breathing in the morning. Walk in the outdoor air. Occasionally, say, once a week, take a good laxative, one that is entirely vegetable. A good one is that made up of the extract of May-apple, vegetable calomel, and jalap, and can be had at every drug store, for it has been sold for nearly 50 years as Dr. Pierce's Pleasant Pellets.

If you are occasionally troubled with rheumatic pains or lumbago, pain in the back, toes or muscles of the body, this is due to uric acid stored in the system. The liver and kidneys do not act properly. For such a person, I advise taking Anuric (double strength) three times daily for a week or two. This Anuric throws out the uric acid which accumulates, and if taken occasionally will prevent or cure rheumatism and gout. There is no difficulty in obtaining Anuric at any drug store.—Adv.

Mrs. H. S. Foster has gone to Nashua, N. H., and will remain with her daughter, Miss Davis, for the winter.

Mrs. Albert Young has been the guest of her sister at Montpelier for the past week.

Mrs. I. S. Tabor was a visitor in Montpelier a few days last week.

Miss Louella Kittell returned Monday night from St. Albans, where she attended the teachers' convention Thursday and Friday.

Jerry Long is working in Marshfield for the present.

Mr. and Mrs. Ed Russ finished work at Colonel Foster's on Wednesday.

Mrs. Rachel Avery is quite ill with pneumonia.

Miss Eleanor Ainsworth is home from her work in Montpelier for two weeks.

Mrs. Joe Sicely was in Montpelier Friday and Saturday.

Elmer Foster of Montpelier was in town for a few days this week.

Next Sunday will be community Sunday, when the several committees will make a house-to-house canvass for the purpose of raising funds for religious services for the coming year. They will also present the food conservation pledge cards to be signed by the housewives. Be ready to show your patriotism for your country and loyalty to the boys at the front.

BERLIN

On Wednesday afternoon and evening the annual fancy fair and chicken-pie dinner of the ladies' Lend-a-Hand society of the Berlin Corners church was held in the town hall. Not only was there a good attendance from the local community, but many came from Northfield, West Berlin and Montpelier. During the evening, Charles F. Lowe of Montpelier gave an interesting address, clearly defining the present war conditions in regard to the needed conservation of food. At the close of the meeting, E. B. House proved a successful auctioneer as he sold off what was left of the pies and cakes that had been provided.

W. H. Jeffreys of the state board of charities will give the address at the pleasant Sunday evening service in the Berlin Corners church next Sunday.

GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat Less Meat If You Feel Backache or Have Bladder Trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

Corns Lift Off

Doesn't hurt a bit to lift any corn or callus off with fingers.

No humbug! You truly can lift off every hard corn, soft corn or corn between the toes, as well as hardened callouses on bottom of feet without one bit of pain.

A genius in Cincinnati discovered freezone. It is an ether compound, and tiny bottles of this magic fluid can now be had at any drug store for a few cents.

Apply several drops of this freezone upon a tender, aching corn or a callus. Instantly all soreness disappears and shortly you will find the corn or callous so shriveled and loose that you lift it off with the fingers.

You feel no pain while applying freezone or afterwards.

Just think! No more corns or callouses to torture you, and they go without causing one twinge of pain or soreness.

Ladies! Keep a tiny bottle of freezone on the dresser and never let a corn or callous ache twice.—Adv.

BIG HOTEL WAS THREATENED

When Fire Destroyed Livery Stable Near the New Sherwood.

Burlington, Nov. 2.—Fire destroyed a brick veneered barn owned by Patrick H. Corley and occupied by Charles Winterbottom as a livery stable yesterday morning and threatened for a time the New Sherwood hotel directly in front. Fourteen horses were rescued.

Two firemen were injured during the fire. William Bombard from station No. 1, while standing on the second floor of the burning building holding a hose, fell through the floor beneath, a distance of eight feet. He fractured several ribs and will be laid up for some time. Edward Dorey from station No. 3 cut one foot with an axe, which will incapacitate him from active service until the wound heals.

The danger to the Sherwood house was seen to be imminent and the office force and bell boys at the hotel were sent by Manager Steele through the several corridors on each floor to awaken and warn the guests. This was done expeditiously and quietly and there was no panic. The guests hastily threw something about them and came down to the lobby, where they were made as comfortable as possible until all danger was over, after which they returned to bed. This was not until nearly 4:30.

Fire did reach the hotel building, but the damage was negligible. The heat was so intense at the west side that the window casing on the third and second stories was scorched and the panes broken. Fire caught from one of these windows which opened into the old dance hall on the second floor. From the inside it reached upward through the floor and burned a small place in it. A bathroom directly above was also somewhat damaged. The firemen cut the hole in the floor larger so as to put out every spark that might be present. Water was poured in and the danger was passed.

The fire caught in the hay loft, so the firemen believe, for when they arrived the blaze was hottest in this part of the building. At one end were stored several wagons and sleighs which had been hauled up on an elevator. Other things too numerous to mention were also stored in the loft and nearly everything was a total loss.

Mr. Corley erected the building some 20 years ago. It was of substantial construction, brick veneer and well studded. Mr. Winterbottom has occupied the premises since the building was built.

GIRLS! MAKE A BEAUTY LOTION WITH LEMONS

At the cost of a small jar of ordinary cold cream, one can prepare a full quart pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in. Then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the roses and beauty of any skin. It is truly marvelous to smoothen rough, red hands.—Adv.

U. S. TROOPS WELL OFF

In Comparison with British Soldiers, Writes Vermont.

The American troops in England are much better off, financially and as regards food and clothing, than their British allies, according to word received in Burlington from Lieut. Francis F. Kellogg, U. S. M. '17, who is in training with a part of the American expeditionary forces in England.

He notes the derivation of the word "Sammy" by which the American soldier is known abroad, as given in England and contradicts popular belief. The word, according to Lieutenant Kellogg, comes from the shortening and slanting of the French words for "our friends"—nos amis. The general opinion in America is that the word comes from "Uncle Sam," the slang for United States.

Those who think that England has been hit so hard by the war that exorbitant prices have had to be charged for many of the necessities and some luxuries of life will be surprised to learn that among other things, a haircut and shampoo may be obtained in London for a shilling, or about 24 cents in American money.

Lieutenant Kellogg is not stationed in London, but tells of "going up" to that metropolis with comrades to see the sights of Piccadilly Circus, long claimed to be the busiest street crossing in the world, the Strand, Vauxhall gardens, Westminster Abbey and other notable places of interest. He also tells of the bad weather which the men have experienced for some time in England, the rain and chilly atmosphere, along with no heat in the hotels, making life miserable. The food, however, is wonderful, according to Lieutenant Kellogg, and the meals served in the London hotels are not much to compare for the quality of the

food and the cheapness in price asked for them.

"SAW WOOD" SLOGAN.

Urged by Fuel Administrator Jones for Vermont.

H. J. M. Jones, Vermont fuel administrator, has issued instructions to local fuel committees to urge a conservation of wood for fuel on account of an immediate grave scarcity and recommends that the wood using citizens of the state at once begin to provide their supply for next year and that in securing their supply they use all trees recently damaged or upturned by storms so as to preserve the harder growths for future use, and suggests the use of the slogan "saw wood" as it is highly appropriate under present conditions.

tape, trying to fix a corn so it wouldn't hurt. But now no one in the world "should worry," because the moment you put "Geta-It" on it means the end of a corn. There is nothing in the world like "Geta-It"—nothing as sure and certain—nothing that you can count on to take off a corn or callous every time, and without danger. The corn never grows that "Geta-It" will not get. It never irritates the flesh, never makes your toe sore. Just two drops of "Geta-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right off with your finger and there you are—corn-free and happy, with the toe as smooth and corn-free as your palm. Never happened before, did it? Guess not.
